

Larry Josefowski

Cybersecurity Insurance: What is Involved?

This presentation will highlight the advantages and disadvantages of cybersecurity insurance, including what one should expect, value added services offered by the insurers, minimum levels of security insurance companies will expect, pitfall, and self-insurance options, as well as lessons learned along the way.

Biography

Larry Josefowski is the IT Director for the City of Dover, overseeing a staff of 4 and managing all IT and cybersecurity needs for the city. He previously worked for 20+ years in IT for Delmarva Power and Exelon. He also served in communications and IT for the US Army and Army Reserve, retiring in 2015. Larry has a BS in Business Administration, and a MS in Public Administration from Wilmington University, and certificates in project management and IT leadership from the University of Delaware.
