Joshua Marpet

Scammers LOVE Covid-19! How can we make them miserable like everyone else

Background of scams from Nigerian 419 to Spanish Prisoner to Hurricane Katrina. Current Scams - Domains, Emails, Seminars, and other scam types. Strategems - How to filter the real from the scam, and how to keep your users and your grandparents safe. Lecture with interactive audience participation, and hopefully, people will learn what to do and what not to do to keep from being scammed, and how to filter it for your users.

Biography

Joshua Marpet is an accomplished speaker, long time information and physical security practitioner, as well as a startup CEO and serial entrepreneur. He has presented on topics ranging from Facial Recognition to National Security, to audiences from government agencies, law enforcement, Fortune 5 companies, and many others. His research encompasses Digital Forensics, business security maturity, and how not to start an information security business!

Josh is a co-director of Security BSides Delaware, and was on the board of Hackers For Charity, BSidesLV, and the Cloud Security Alliance, Delaware Valley chapter. He is staff at multiple industry conferences, and speaks on a regular basis at conferences across the country. Currently, he's the COO of Red Lion, LLC
